Message

I am very happy to learn that UNESCO Hong Kong Association Centre for Peace is organizing the **2nd Run for Peace event on 22nd December 2018**. It is hoped that hundreds of people of different age groups from all walks of life, irrespective of on their religious belief and social status would participate for the cause of peace.

UNESCO has been in the vanguard for actions of peace building and peace education. It spreads the message of communal harmony, respect of culture diversity, tolerance, protection and preservation of human values and natural resources etc.

UNESCO Clubs and Associations have been formed in various countries by peace loving people to popularize the aims and objectives of UNESCO and to involve people in its programmes.

Run for Peace 2018 is yet another initiative of UNESCO Hong Kong Association Centre for Peace to sensitize people of the urgent need to shun violence and use human and financial resources for the betterment of living standards of all people around the world and save the planet earth from the adversities of climate change.

I appeal to all peace loving to people of Hong Kong to support this peace initiative by taking part in large numbers in the **Run for Peace 2018** event and send a strong message of solidarity and brotherhood to people around the world.
